FOR IMMEDIATE RELEASE: April 5, 2019

South Coast AQMD participates in Earth Day events across Southern California, encourages Americans to take action

DIAMOND BAR – The South Coast Air Quality Management District (South Coast AQMD) is partnering with cities and local organizations to help raise awareness about the importance of clean air in the South Coast basin. These events will show the efforts South Coast AQMD and its partners are taking to clean the air and protect vital natural resources in our region.

“Earth Day is a simple reminder of how important it is to continue our efforts towards a cleaner, healthier environment,” said Wayne Nastri, South Coast AQMD’s Executive Officer. “We encourage you to visit one of these events to learn about new technologies and other ways residents can take action in their daily lives to help us improve air quality in Southern California.”

South Coast AQMD will participate at the following Earth Day events:

Sat., April 6th: Frontier Project Earth Day

10 a.m. to 2 p.m., Rancho Cucamonga, Calif.
